Figures 24A and 24B are one embodiment of a clinic information screen.

Please delete the existing paragraph at page 17, paragraph 87, and insert therefor:

a2

Figures 24A and 24B are one embodiment of a clinic information screen 380. Clinic information screen 380 provides a user with an ability to view and update the clinic address fields, including, clinic name, contact last name, contact first name, address 1, address 2. city, state, zip code, telephone number, extension, email address, and facsimile number. A user is further able to view and update shipping address fields including, contact last name, contact first name, address 1, address 2. city, state, zip code, telephone number, extension, email address, and facsimile number. In addition a user is able to view and update billing address fields including, contact last name, contact first name, address 1, address 2. city, state, zip code, telephone number, extension, email address, and facsimile number. Since much of the information in the clinic address, shipping address, and billing address may be duplicated for certain users, system
